**Backend:** Node.js, Express.js, REST API, JWT Authentication

**Database:** SQL, MongoDB

**CS Core:** Data Structures and Algorithms, OOP, DBMS, Operating System

**Tools & Frameworks:** Git, GitHub, VS code, Adobe Illustrator, Adobe Photoshop

**Soft Skills:** Creative Thinking, Leadership, Teamwork, Time Management

## PROJECTS

### StreamBeats – Music Streaming Platform

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Developed a **full stack music platform** with various **admin-controlled features**.
- Built an **admin dashboard** to upload and manage **100+ songs, albums, and cover images**.
- Created secure **RESTful APIs** with Express and MongoDB, delivering a smooth streaming UI in **under 2s load time**.

### NeuroBlog – AI Powered Blogging Platform

Tech Stack: MERN Stack, Google Gemini API, ImageKit, Vercel

- Deployed AI powered blogging platform for managing **posts and comments** via admin dashboard.
- Integrated **Google Gemini API** to auto-generate content, reducing manual writing effort by **80%**.
- Created secure **CRUD APIs**, optimizing performance and deploying the app with **99.9% uptime** on Vercel.

### CarRental – Vehicle Rental Platform

Tech Stack: MERN Stack, ImageKit, Tailwind CSS, Vercel

- Deployed **CarRental platform** for seamless **car browsing**, and **vehicle bookings**.
- Integrated **ImageKit** for optimized **images**, improving loading speed and **UI performance** by 70%.
- Created secure **CRUD APIs** for cars, users, and bookings, deploying the platform with smooth, consistent **performance** across all devices.

## TRAINING & CERTIFICATIONS

- Data Science with AI & ML - UpFlairs Pvt. Ltd. (45 days) Jul 2024 - Aug 2024
- Frontend Web Development - UpFlairs Pvt. Ltd. (30 days) Aug 2023

## ACHIEVEMENTS & EXTRA-CURRICULARS

- Core Member | Aashayein - The Life Saviours** - Contribute to a club operating 24×7 in Jaipur, arranging blood/SDP donors and saving 30,000+ lives through check-up and donation events.
- Smart India Hackathon 2023** - Top 35 out of 200+ teams for innovative tech solution. Gained hands-on collaborative problem-solving and technical execution skills under pressure.
- Renaissance | College Fest** - Managed logistics and coordinated 10+ events for 10,000+ attendees as part of the core organizing team, enhancing event planning and leadership experience.
- Graphic Designer** - Designed promotional posters and digital content for college events using Adobe Illustrator, Adobe Photoshop and Canva.
